

October 22, 2009

Dear CMP Capitol Families and Community Members,

The news about our school's relocation to another district facility took us all by surprise. Like you, the staff and I feel sad about the effects the move could have on our community; however, we know that the new campus has the amenities we've all dreamed of: a fenced field, a playground structure, bathrooms, a multi-purpose room with a stage, room for a library, and more than adequate classrooms, among others. We love our families and appreciate your commitment, dedication and support of our program, teachers, and staff. Our hope and desire is that our whole community would stay the course. We look forward to working with you in creating an environment that would best serve the children. Trust that we are doing everything we can to make the transition as easy and convenient as can be. We are looking at a variety of options to support our families as we transition to our new facility, including: car pools and other transportation options, making bell schedule revisions, Club M schedule changes, and others.

Superintendent Raymond and his staff will be meeting with members of our community to answer questions and concerns you may have. We will inform you of the date once it's been established.

We value your input and as always, you can call, send me an email or drop by the office.

Sincerely,

Bernie Evangelista
Principal, Capitol Campus
